NOTIFICATION OF PARENTS REGARDING OUT-OF-FIELD TEACHERS

January 31, 2019

Included in this newsletter/memo is a list of teachers or long-term substitute teachers at Indian River Charter High School who have been reported as teaching out-of-field as required by Section 1012.42 of Florida Statute. Those teaching out-of-field are qualified to teach, however, all or part of their teaching assignment is not covered by their current certification. Individuals teaching out-of-field are required to complete additional coursework or testing until the coverage/endorsement is added to their certificate. Should you have any questions about these requirements, please call the school or Laurie Silvia, Certification Analyst (772-564-3116).

A parent whose student is assigned an out-of-field teacher may request that his or her child be transferred to an in-field classroom teacher within the school and grade in which the student is currently enrolled. The school district must approve or deny the parent's request and transfer the student to a different classroom teacher within a reasonable period of time, not to exceed 2 weeks, if an in-field teacher for that course or grade level is employed by the school and the transfer does not violate Florida maximum class size limits. Please contact your school's principal, in writing, if your child's teacher is out of field and you wish to request a transfer.
